

HI, I'M BHUMIKA SOAM

But, you can call me **Bhoom**.

I'm an Industrial Designer by profession,
but have a deep love for all things design.

EXPERIENCE

2022

McDSP | 2019-Present | Product-Graphic Design Contractor

Working on audio hardware and multiple software plug-ins for professional music production. Also worked as the Lead Graphic Designer to lead brand-related graphic projects for most print and digital assets.

2021

ROAR for Good | 2017-21 | Industrial-Product Design Full-time & Contractor

Organized various design sprints, user research studies and prototype testing while developing the next-gen safety wearable device and app. Led successful creation and implementation of UI and graphics for mobile apps, website, packaging, documentation, marketing materials and more. Worked cross-functionally with Marketing, Sales and Product development while supporting the vision and mission of the company.

2016

Worldwise | 2016 | Industrial Design Internship

Stoneman Concrete | 2015-16 | Industrial Design Contractor

Propelland Design Studio | 2015 | Industrial Design Contractor

While completing graduate studies, I worked with multiple design agencies as an ID artist. Responsibilities include conceptualization, rendering and 3D modelling work for pet toys, furniture and product display design while keeping the client budget and manufacturing limitations in mind.

2013

Rayden Design Studio | 2011-13 | Industrial Designer Full-time

Worked on furniture, installation, lighting and a variety of other contemporary minimalist products for Urban Spaces. Also managed graphic and packaging responsibilities for various brands while dealing with the clients directly.
